

WiCyS India Website Revamp – Week 3

Deliverable: Static Prototype

Prepared by: Kasmia Bhatia

Date: December 16, 2025

1. Objective

Convert Week 2 wireframe into functional HTML/CSS prototype, deployed on Vercel.

2. Live Prototype

URL: <https://wicys-website-design.vercel.app/>

Single `index.html` with inline CSS, responsive design, WiCyS branding.

3. Layout Summary

- Header: Fixed nav (Home | About | Programs | Events | Resources | Contact)
+ logo placeholder
- Hero: "Building India's Future in Cyber Security" + 2 CTAs + image placeholder
- 3 Content Sections: Programs, Events, Resources (cards + bullets)
- Footer: Policy links, social, FAQ quick access

4. Branding Applied

Color	Hex	Usage
Purple	#6A1B9A	Headers, nav
White	#FFFFFF	Background
Green	#388E3C	Buttons
Gray	#9E9E9E	Secondary text

Fonts: Montserrat (headings), Roboto (body) via Google Fonts.

5. Week 2 Priorities Status

- Mobile Responsive – CSS Grid + media queries
- Branding – Full color/font implementation
- Navigation – Grouped menu structure
- Content Structure – Headings, cards, bullets (placeholders)
- Hosting – Vercel HTTPS/CDN

6. Next Steps

1. Replace placeholder content with real copy
2. Build About/Programs pages
3. Add images + chatbot UI
4. SEO meta tags + Google Analytics

Status: Ready for review
